# PREVENTING RELAPSE SYMPOSIUM

## Starting Addiction Treatment and Recovery Off Right

For over 40 years, The Gorski-CENAPS Corporation has been a pioneer in Relapse Prevention, specializing in substance use disorders, co-occurring mental disorders, personality disorders, and situational life problems. Join our team of Instructors for a 2-Day Symposium that will enhance clinical techniques across all levels of care and with a wide variety of programs, clients, and special populations. The evidenced-based Gorski-CENAPS Model of Recovery and Relapse Prevention integrates addiction-specific treatment methods with state-of-the-art cognitive, affective, behavioral, and social therapies.

### Topics To Include:
